WHO IS ETHAN CHLOE?

Describing him is not as easy as it seems. He is a person of about 60 years old, with a hipster appearance and at the same time very complex and curious. He takes care of his image and his way of life, as well as his public appearances, since he prefers to be anonymous and not attract attention.

Ethan Chloe was born in the late 1950s in Auckland, New Zealand. The son of an English diplomat and a renowned painter mother, Ethan Chloe acquired his desire to travel and learn about the cultures of other countries from his parents.

While travelling, she discovered that her great calling was interior architecture. She studied interior design in Oslo, Norway, and settled in Sydney, Australia, where she has her own design studio and where she creates her furniture collections.

GARPE GROUP®

In an increasingly modern and technological world, the natural style in interior decoration offers a serene and comforting refuge.

Ethan Chloe creates his furniture and décor collections to connect with homes.

Each piece in these natural collections is designed to capture the essence of nature, evoking the warmth and tranquility of being outdoors.

As a well-travelled individual, Ethan Chloe captures in his most glamorous collections worlds where luxury and glamour are increasingly valued and elevate the spaces of the home.

GARPE GROUP®

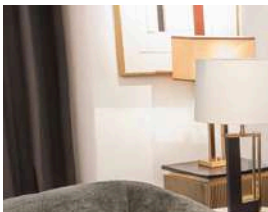

His collections are designed to satisfy the most discerning and sophisticated tastes. Inspired by the glitz and splendour of high society, each piece has been carefully selected by Ethan Chloe to add a touch of elegance and opulence to any space.

Ethan Chloe is committed to offering products of the highest quality.

From stunning paintings to meticulously crafted decorative pieces with details that enhance their beauty and refinement.

The glamorous collections are inspired by style and fashion icons from all over the world.

Ethan Chloe invites you to explore your creativity and break conventional rules in interior design.

Ethan Chloe collections offer a vibrant mix of styles, colours and textures that allow us to express our personality in unique and creative ways.
